Probleem:

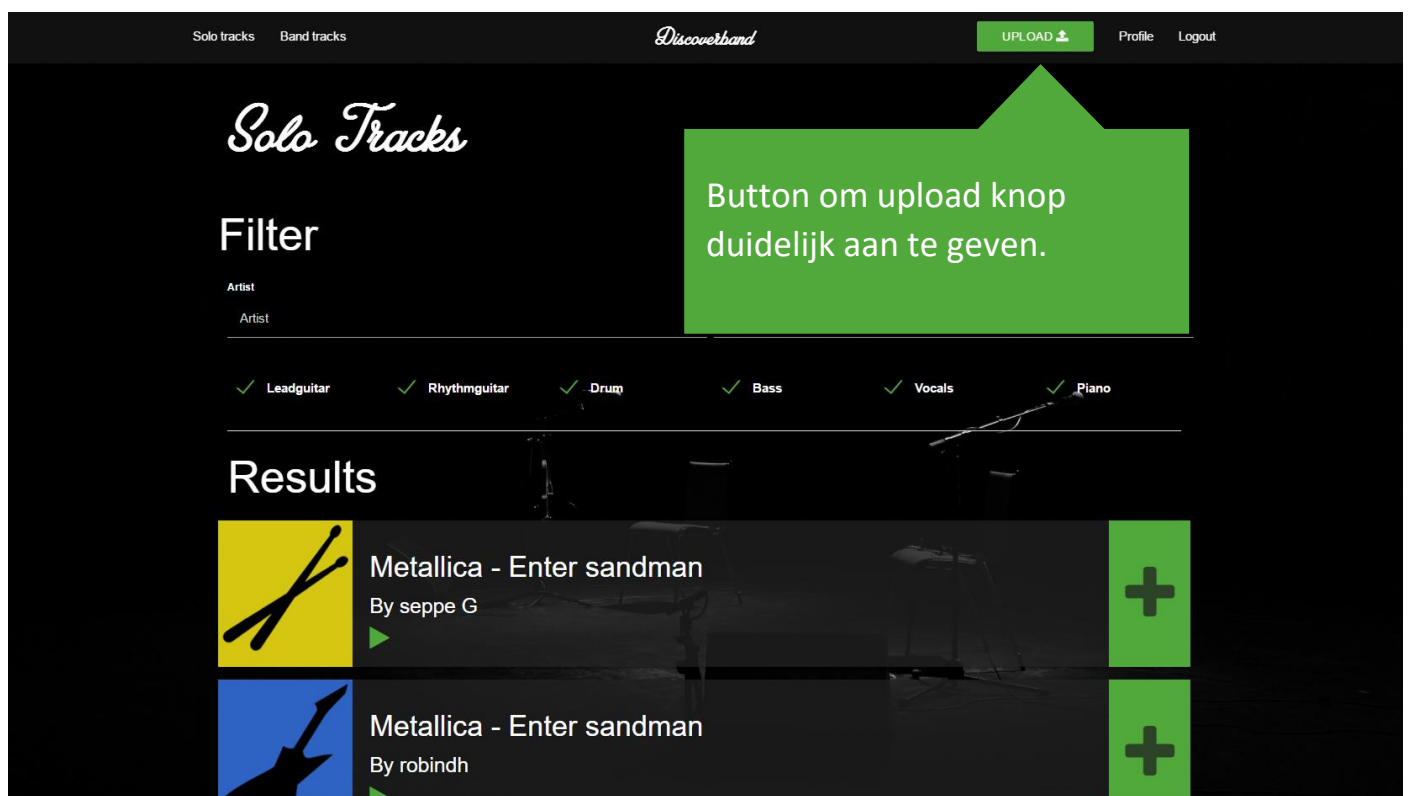

Oplossing:

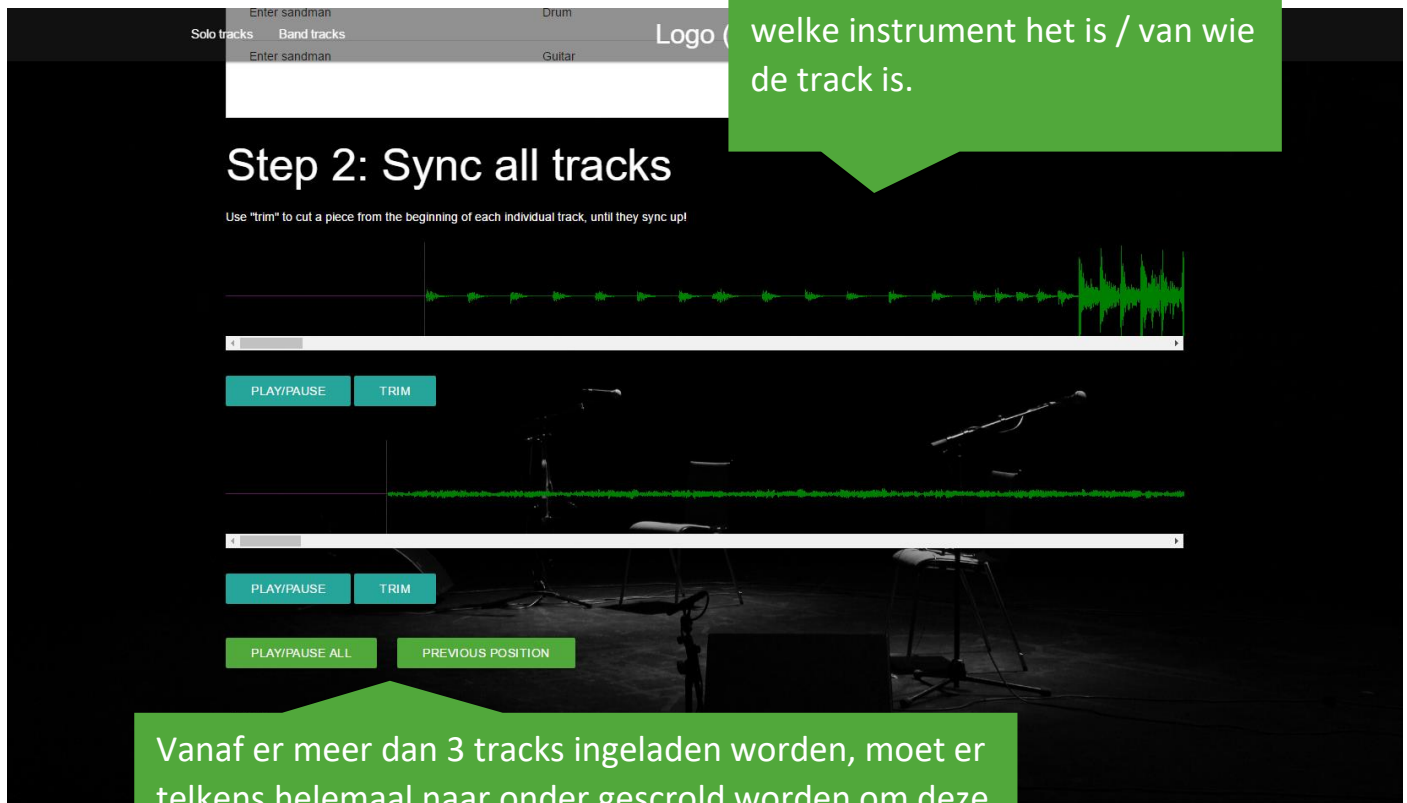

Probleem:

Vanaf er meer dan 3 tracks ingeladen worden, moet er telkens helemaal naar onder gescrold worden om deze (belangrijke) knoppen te bereiken.

Oplossing:

Probleem:

The screenshot shows the 'Discoverband' website with a dark theme. The top navigation bar includes 'Solo tracks', 'Band tracks', the logo 'Discoverband', and links for 'My band (2)', 'Upload', 'Profile', and 'Logout'. The main heading is 'Solo Tracks'. Below it is a 'Filter' section with two columns: 'Artist' and 'Title'. The 'Artist' column has a dropdown menu showing 'Artist'. The 'Title' column has a dropdown menu showing 'Title'. Below these are four filter buttons: 'Leadguitar', 'Rhythmuitar', 'Drum', and 'Bass', each with a green checkmark. The 'Results' section displays two items: 'Metallica - Enter sandman' by 'seppe G' and 'Metallica - Enter sandman' by 'robindh'. Each item has a colored square icon (yellow for the first, blue for the second) and a red square button with a white plus sign. A green callout box points to the plus buttons with the text: 'Het is niet logisch dat er een plus staat om een item weer te verwijderen.'

Oplossing:

The screenshot shows the 'Discoverband' website with a dark theme. The top navigation bar includes 'Solo tracks', 'Band tracks', the logo 'Discoverband', and links for 'MY BAND (2)', 'UPLOAD', 'Profile', and 'Logout'. The main heading is 'Solo Tracks'. Below it is a 'Filter' section with two columns: 'Artist' and 'Title'. The 'Artist' column has a dropdown menu showing 'Artist'. The 'Title' column has a dropdown menu showing 'Title'. Below these are four filter buttons: 'Leadguitar', 'Rhythmuitar', 'Drum', and 'Bass', each with a green checkmark. The 'Results' section displays three items: 'Metallica - Enter sandman' by 'seppe G', 'Metallica - Enter sandman' by 'robindh', and 'Metallica - Enter sandman' by 'robindh'. Each item has a colored square icon (yellow for the first, blue for the second, and green for the third) and a red square button with a white minus sign. A green callout box points to the minus buttons with the text: 'Min om aan te duiden dat het item terug verwijderd zal worden wanneer je op deze knop klikt.'

Probleem:

The screenshot shows a web interface with a dark header. On the left, there are links for 'Solo tracks' and 'Band tracks'. On the right, there is an 'UPLOAD' button with an upload icon, and links for 'Profile' and 'Logout'. The main content area has a white box with the 'Upload' logo in a script font. Below the logo, the text 'Upload your recorded tracks here:' is followed by a dashed rectangular box containing the text 'Drop/click to upload'. Below this box, there is a message: 'File uploaded! You can always replace this file by uploading another.' Below the message, there are three input fields: 'Song name', 'Original band', and 'Instrument'. The 'Instrument' field has a dropdown arrow and the text 'Choose your option'. At the bottom of the form is a green 'SAVE' button. A green callout box points to the input fields with the text: 'Inputvelden worden eerst ingevuld voor dat een file geupload wordt.'

Oplossing:

The screenshot shows the same web interface as the 'Probleem' section. However, the input fields for 'Song name', 'Original band', and 'Instrument' are now hidden. Only the 'Drop/click to upload' area is visible within the white form box. A green callout box points to the upload area with the text: 'Alleen file upload form laten zien. Wanneer file geupload is, verschijnt de rest van de form pas.'
